

## PT-E800T and PT-E850TKW

Get the job done in no time with these robust industrial tube printers.

### Twin Engines

Meet the first industrial printers with twin engines. With just one tube printer, you can print on tubes, labels of up to 36mm and other applications including warning signs and tags.

### Fuss Free

Switch between tube and label printing without replacing or re-inserting the supplies. Need to replace worn-out parts? It can be done in just a few simple steps.

### Perfectly Portable

Get the tube printer working wherever, whenever with the rechargeable Li-ion battery\* and wireless capability.

PT-E800T

PT-E850TKW

### Durable Labels

The tube printers are compatible with TZe laminated tape, the toughest laminated labels in the market. Ideal for industrial use, TZe laminated tape is resistant to water, grease and harsh weather conditions.

### Maximum Printability

Print more on each label and ensure the legibility of your text with the benefit of additional printable height.

### Compact Design

The keyboard can be placed directly on top of the printer, saving extra space on every workplace.

\*The rechargeable Li-ion battery and battery base have to be purchased separately.

## START PRINTING IN 3 SIMPLE WAYS. HERE'S HOW.

You can print from the keyboard, PC or mobile app. It's as simple as it gets.

### 1 Print via keyboard (tube and label printing)

Design your tube or label artwork from scratch. Alternatively, for ease of use, use the keyboard to select a template.

Select print option via the tube printer's keyboard

Hit print

### 2 Print via PC (tube and label printing)

Use Brother Cable Label Tool software or Brother P-touch Editor software to design templates

Select print option on PC

Select the file to print

### 3 Print via mobile (label printing only)

Design label artwork on mobile device using the Mobile Cable Tool or Brother iPrint&Label app

Select print option on the mobile app

Select the file to print

# SPECIFICATION

## PT-E800T

## PT-E850TKW

Tube		
Compatible Tube Diameter	2.5 - 6.5mm	
Supported Tube Type	PVC	
Max Print Height for Tube	6mm	
Tube Print Speed	40mm/sec	
Multi Line Printing for Tube	–	Up to 2 lines
Label		
Tape Type	TZe, HGe, HSe ( Heat Shrink Tube )	
Maximum Tape Width	Up to 36mm	
Label Print Resolution	360dpi	
Label Print Speed	60mm/sec	
Cutter	Auto and half cutter	
Multi Line Printing for Label	–	Up to 17 lines
Label Collection	–	Available in Brother iPrint&Label Mobile app
Brother iPrint&Label app Brother Mobile Cable Tool app	–	Yes
General		
Machine Dimensions (W x D x H) mm	338mm x 188mm x 151mm	338mm x 188mm x 151mm 338mm x 188mm x 173mm (with keyboard)
Interface	USB	USB / WiFi
Host Device	PC	Keyboard / PC / Mobile Device
Numbering Function	Normal / Octal / Hexadecimal / Alphabet	
Barcode Printing	Yes	
Items included in the box	TZe-261 36mm Black on White Laminated tape, 8m long TR-100BK Black ink ribbon, 100m long AD-9100ESA AC Power Adapter	

## DURABLE LAMINATED LABEL

### Brother TZe Laminated Labels

Designed to withstand water, grease, fade and abrasion. It can be used in both hot and cold as well as indoor and outdoor environment as it is protected by clear laminated film. Engineered to qualify industrial standards, ideal for manufacturing, datacom, electrical, medical and general business applications.

## SPECIAL TAPES

### Flexible Identification Tape

Designed for labelling around sharp bends and cylindrical surfaces, perfect for labelling over an edge on parts around hydraulic and electrical connectors as well as small curved surfaces such as tubing, cable and wire flagging applications.

Good for:

- Wrapping, flagging wires and cables
- Cylindrical surfaces
- Conduits
- Sharp bends
- PVC pipes
- Rods

### Strong Adhesive Tape

Laminated and strong adhesive with up to twice the adhesive strength of laminated tapes. Made with a "softer" adhesive that instantly fills recessed surfaces for more surface area contact, it is excellent for labelling textured, rough or uneven surfaces like those in typical plant, field and manufacturing operations.

Good for:

- Uneven, rough and textured surfaces
- Slippery painted metal surfaces
- Powder-coated surfaces
- Patch panels
- Utility cabinets
- Plants

## ELECTRICAL FUNCTIONS

### FACEPLATE

Essential to create labels for electrical outlets, wall plates and outlet covers.

### CABLE WRAP

Essential to create labels that wraps around cables or wires.

### CABLE FLAG

Essential to create labels to identify very thin cables such as optical fibres.

### PATCH PANEL

Essential to create labels to identify various type of panels such as network patch, distribution boards and terminal blocks.

### SERIALISED PRINTING

Essential to create labels with serial numbering.

## PT-E800T / PT-E850TKW SUPPLIES AND ACCESSORIES

Ensure the best printing results and a hassle-free experience with these handy accessories.

### Included:

#### Tube cutter (PA-TC-001)

Cuts the tubes into the specified length quickly and professionally.

#### Ink ribbon (TR-100BK)

100m Black ink ribbon for tube printing.

#### Cleaner (PA-CL-001)

Cleans the tube to ensure surface is dirt-free before printing.

#### TZe laminated tapes

Suitable for both office and industrial use, TZe laminated tapes are weatherproof, waterproof, high and low temperature, chemical, fade, abrasion resistant that are prone to wear and tear.

#### Conveyance rollers

(PA-RL-001, PA-RL-002, PA-RL-003)

Ensures the tubes move smoothly through the tube printer.

### Optional Add-on:

Rechargeable Li-ion Battery: PA-BT-4000LI  
Battery Base: PA-BB-003

Keep your tube printer fully powered when unplugged with rechargeable battery.
